DAC Technician

The Role:

This role is for a DAC (Digital Asset Creation)/CAD Technician to be part of the @one Alliance partnership based at our client's co-located offices in Peterborough. This person will be responsible for DAC/CAD product and project delivery to time, cost and quality requirements. The role will involve preparing DAC outputs in either 2D or 3D and liaising with the design team, Design Manager and DAC Lead to ensure drawings are prepared to the specified standards and follow QA procedure.

Key Responsibilities:

- Produce high quality engineering drawings/models to support project delivery teams
- Adopt, work to and promote all relevant @one Alliance procedures, CAD standards and CAD manual
- Actively participate in the development and implementation of the AMP6 product catalogue
- Identify where improvements can be made
- Ensure all outputs are subject to appropriate quality checks
- Work with the DAC Manager to develop improvement ideas and drive efficiencies, including improving the CAD system
- Build a culture in which nothing is so important that we can't take the time to do it safely
- Lead by example, embracing the importance of health and safety in all circumstances
- Apply a mature understanding of process, keeping things clear and simple
- Awareness of AMP6 initiatives and how they deliver the AMP6 efficiency target, promoting the importance of these approaches

Key measures & targets:

Adherence to all deadlines set

Key relationships:

Barhale team and wider Barhale community
Alliance team and partners

Person Specification:

The successful candidate is likely to meet all of the following criteria:

Essential

- Previous experience of the construction industry
- AutoCAD experience
- Good team worker but able to exercise own judgement and work independently to make decisions
- Ability to communicate clearly and consistently
- Ability to collaborate and integrate into a wide team
- Ability to take responsibility and ownership
- Excellent prioritisation and planning skills
- Ability to challenge self, others and processes
- Desire to strive for personal development

Autocad 3d Experience

Benefits:

As well as offering a competitive salary, remuneration for this role includes flexible benefits, which provides a range of guaranteed benefits including but not limited to:

- 5% Company pension contribution
- Life Assurance at 2 x notional salary
- Single persons private medical cover
- Permanent Health Cover

About Barhale:

Barhale is one of the largest privately owned infrastructure specialists in the UK and was originally formed in 1980 as a specialist tunnelling contractor diversifying over the years into various civil engineering areas. Barhale works UK-wide across the water, transport, energy and developer services sectors providing design, construction and maintenance services under long-term contracts, with blue-chip public, regulated and private clients. The company employs over 600 people in the UK, has an annual turnover of £120m and a distinctive set of values that are fundamental to our approach to business sustainability.

Our business activity is carried out for the following principal sectors:

Water: Civil Engineering, Tunnelling, Pipelines and Utilities

Transport: Rail, Aviation, Waterways, Highways and Bridges

Energy: Power Generation, Power Transmission and Distribution, Waste

Developer Services: Civil Engineering across private sector developers UK wide

Specialist Businesses: Tunnelling, Mechanical and Electrical and Barhale Construction Services (BCS Group)

How to apply:

Please send your current CV and covering email outlining your suitability for the role and quoting the reference number to careers@barhale.co.uk.

We are an equal opportunities employer. We are determined that no job applicant or employee receives less favourable treatment on the grounds of sex, pregnancy or maternity, gender re-assignment, sexual orientation, religion or belief, marriage or civil partnership, age, race or disability. All information will remain confidential to Barhale and will be handled in accordance with the requirements of the Data Protection Act.
