## **Tunnelling agent**

### **The Role:**

The role of this Agent, with particular experience in the tunnelling discipline, will involve being responsible for the management of the construction site in order to achieve required project delivery to the customers' objectives, while maintaining standards of health and safety, quality, environmental impact and cost control. They will deliver multiple on-going projects, to the specified quality, the required programme and to the maximum commercial performance. This will involve working closely with the Estimating Department, engineers and surveyors to ensure that projects are completed in a safe manner whilst customer requirements and expectations are always maintained or exceeded.

### **Key Responsibilities:**

#### **Site Management**

- Assume overall responsibility for the successful delivery of projects
- Deliver the work safely and without environmental incidents
- Deliver the work to the specified quality without defects
- Manage subcontractors and provide direct instruction and support as necessary such that contractual arrangements are achieved
- Ensure the commercial performance of the contract is maximised
- Ensure production and implementation of Project Plans, risk assessments, method statements, site waste management plans are in line with company procedures
- Produce and manage the project programme
- Encourage and coach team members to develop their skills

#### **Client interface**

- Undertake an ambassadorial role representing the business to customers, public and official bodies
- Deliver end product to customer satisfaction

#### **Cost control**

- Populate and manage the Barhale cost plan for the project
- Maximise project value
- Ensure detailed site diaries/records are completed
- Maintain commercial tension to drive out cost and challenge the status quo

#### **Reporting**

- Produce good quality, accurate monthly reports for the Client and internally
- Chair weekly site meetings in line with Company procedures

### **Key measures & targets:**

- Monthly and weekly reporting timescales are met
- Adherence to Business Unit Objectives
- Maintain safe site
- Ensure 3 Pillar KPI measures are met
