## Engage, Learn and Develop with Barhale

### Apprentice Plant Fitter

#### The Role:

We are looking for an enthusiastic Apprentice Plant Fitter to join BCS, part of the Barhale Group, a privately owned company first established in 1980. BCS is a leading supplier of safety and construction products and services that operates from our central manufacturing and distribution centre.

The role will be based at our Head Office in Walsall and provides a fantastic opportunity to gain valuable practical experience learning to service, repair and maintain plant equipment. You will receive a dedicated development programme and mentoring support and will be working towards an NVQ in Plant Maintenance.

To be considered for an apprenticeship you must have a genuine interest in engines, electrical fault finding, hydraulics and the Construction industry and be fully committed to attend college.

#### Key Responsibilities:

College work / study, working towards the relevant NVQ qualification and other pertinent certification in Plant Maintenance, whilst acquiring new skills in the workplace through on the job training

Developing competence in the maintenance and repair of all mechanical aspects of the plant and ancillary equipment within the depot

Assembling / dismantling / checking / repairing and modifying mechanical assemblies and equipment, and to ensure compliance with the relevant standards / specifications

Attendance at any additional training in other disciplines to further develop and complement a full skills set required for the role

Time will be split between Plant and tunneling departments

Correctly use and maintain PPE at all times

Working effectively within the team

Excellent Time keeping

Adhering to company policies and safety regulations and risk assessments

#### Benefits:

We offer a competitive salary as well as a pension and benefits.

#### About Barhale:

Barhale is one of the largest privately owned infrastructure specialists in the UK and was originally formed in 1980 as a specialist tunneling contractor diversifying over the years into various civil engineering areas. Barhale works UK-wide across the water, transport, energy and developer services sectors providing design, construction and maintenance services under long-term contracts, with blue-chip public, regulated and private clients. The company employs over 600 people in the UK, has an annual turnover of £120m and a distinctive set of values that are fundamental to our approach to business sustainability.
