The Barhale logo consists of a yellow circle with a white dot inside, followed by the word "Barhale" in a bold, white, sans-serif font. The background of the top section of the page is a photograph of construction workers in orange safety gear and hard hats, with a blue sky and clouds.

Quantity Surveyor

The Role:

The Quantity Surveyor will provide commercial support to project teams, maintaining commercial information and ensuring compliance with contractual requirements and the Company's 'Three Pillar' objectives. They will liaise with customer representatives and other third parties on commercial issues including agreement of variations, claims and any additional payments.

Key Responsibilities:

Reporting

- Ensure robust, accurate and timely cost and value reporting at both project and business unit level
- Ensure accurate cash flow reporting takes place
- Carry out cost management including forecasting
- Update the monthly CVR, cost and commercial plans

Processes

- Help ensure that internal commercial processes are adhered to across the business unit
- Actively seek to improve processes and procedures
- Hold a good understanding of the processes and procedures used by any JV/Alliance that we are working within, and assist in their development and improvement

External relationships

- Help ensure that any main contracts entered into have terms and conditions that are appropriate for Barhale, with commercial risks identified
- Ensure that the supply chain are engaged appropriately with the correct contract terms and conditions
- Build and maintain good client relationships
- Be responsible for subcontract letting, negotiation and financial accounting
- Prepare applications for payment
- Liaise with the client, client representatives and other third parties on commercial issues, including agreement of variations, claims and additional payments

Internal relationships

- Contribute towards effective interaction between the Commercial Team and the operational site teams
- Work with site management to forecast predicted spend and cash recovery and ensure that both are kept in line with target
- Share best practice with others and be proactive in advising site teams on costs and management of them

Key measures & targets:

- Accurate monthly forecasting
- Ability to challenge resources and costs
- Maintain deadlines in line with monthly commercial calendar
