## Environmental Coordinator

### The Role:

Here within the Anglian Water @one Alliance we are a totally collaborative organisation made up of our seven partner companies (Anglian Water, Balfour Beatty, Barhale, MMB, MWH Treatment, Skanska and SWECO) and our extended supply chain, delivering over half of Anglian Water's capital investment programme.

We are heading into our latest Asset Management Period, known as AMP 7 and this will see us deliver a £1.4bn programme of work over the next five years. Are you ready to join us as we gear up to deliver the most exciting and innovative AMP we have ever seen.

Not only do we deliver a wide-range of innovative and exciting projects, we also act as environmental custodians in the areas we serve ensuring our work not only meets customer day-to-day water requirements, but also allows for a sustainable environment for years to come.

Essential to assessing environmental constraints and associated risks on projects are our Enabling function who are looking for an Environmental Coordinator to join the team to cover Maternity Leave.

### Key Responsibilities:

- Provide technical assistance on environmental aspects of projects and related activities in support of engineering and construction teams
- Support Town & Country Planners by conducting tasks related to Environmental Impact Assessments (EIA) screening opinions and planning applications
- Perform project delivery activities such as completing risk assessments, advising on survey requirements, reviewing and communicating survey results, developing solutions for the delivery teams
- Work in a collaborative way with engineers, construction teams and external stakeholders to deliver schemes on time, on budget and with minimal environmental impact
- Use digital technology to drive innovation and efficiency within the Enabling Team and wider @One Alliance

### Person Specification:

To be considered for this role, you'll be educated to degree level in Geography, Environmental Science or Earth Sciences gaining a minimum of a 2:1 classification.

A Masters qualification in a relevant subject would be desirable.

Competent in using GIS, you'll have demonstrable interest in business consulting and environmental issues (either through related coursework, previous employment, or personal endeavours.)

Working with a high level of integrity and accountability, you'll work with the customer's best interest at heart in all activities you do.

# come and work with us

Able to work collaboratively with a wide-range of internal and external stakeholders, you'll put your experience in using GIS packages to good use for geo-processing and visualisation of data.

## **Benefits:**

As well as offering a competitive salary, remuneration for this role includes flexible benefits, which provides a range of guaranteed benefits including but not limited to:

- 5% Company pension contribution
- Life Assurance at 2 x notional salary
- Single persons private medical cover
- Permanent Health Cover

In addition you may be eligible for entry into the Company's non-contractual bonus scheme, based upon, among other things, the performance of the employee and of the business unit and/or Company.

## **About Barhale:**

Barhale is one of the largest privately owned civil engineering and infrastructure specialists with 40 years' experience working UK-wide across the water, transport, built environment and energy sectors. Founded by our Chairman, Dennis Curran in 1980, the group was originally set up as a specialist tunnelling contractor. Whilst we retain our tunnelling roots, repeated success in several sectors of the construction industry has enabled us to expand our skill set and become one of the largest privately owned infrastructure specialists in the UK.

## **What we do**

We provide design, construction and maintenance services to the following sectors;

- Water
- Transport
- Energy
- Built Environment

We also possess a range of specialist skills to support our civil engineering and infrastructure activities including

- Tunnelling
- MEICA capabilities
- In-house design
- A steel-fabrication and supply subsidiary (BCS Group)

## **Who we are**

Barhale operate as a tier 1 partner for blue chip, regulated and private clients. We work as part of large frameworks, joint ventures and alliances, as well as on individual projects developing long-standing relationships based on Trust, Integrity and Pride.

## **Our People**

We employ a direct workforce of over 800 employees nationwide. We recognise that our business is only as good as the people we employ, which is why we value them so highly and invest in regular training and development, utilising our dedicated training facility in Walsall.

## **How to apply:**

Please send your current CV and covering email outlining your suitability for the role to [careers@barhale.co.uk](mailto:careers@barhale.co.uk)

We are an equal opportunities employer. We are determined that no job applicant or employee receives less favourable treatment on the grounds of sex, pregnancy or maternity, gender re-assignment, sexual orientation, religion or belief, marriage or civil partnership, age, race or disability. All information will remain confidential to Barhale and will be handled in accordance with the requirements of the Data Protection Act.
