

come and work with us

Electrician

The Role:

Here within the Anglian Water Alliance of IOS, we are a collaborative organisation made up of four partner companies (Anglian Water, Barhale, Kier and Morrisons) and our extended supply chain, delivering a capital programme of works.

What will you be doing as our new Electrician?

Working on Water and Wastewater treatment sites and networks, general duties include carrying out new installations and mediations, following designs and RAMS, testing and inspection, fault finding, assisting the commissioning engineers where necessary, and completing installations promptly to a high standard.

Key Responsibilities:

Experience:

- Be an experienced industrial Electrician.
- Knowledge and experience in controls/instrumentation
- Knowledge of RAMS
- Ability to read electrical drawings and schedules and panel drawings.
- Previous background of working in the Water industry preferred.

Qualifications:

- Must be 18th edition qualified electrical with CSCS ECS Gold Card
- 2391 (2394/1395 inspection testing
- SSSTS is Not essential but preferred.
- COMPEX is not necessary but preferred.

Benefits:

As well as offering a competitive salary, remuneration for this role includes flexible benefits, which provide a range of guaranteed benefits including but not limited to:

- 5% Company pension contribution
- Life Assurance at 2 x notional salary
- Single person's private medical cover
- Permanent Health Cover

In addition, you may be eligible for entry into the Company's non-contractual bonus scheme, based upon, among other things, the performance of the employee and the business unit and/or Company.

About Barhale:

Barhale is one of the largest privately owned civil engineering and infrastructure specialists with 40 years of experience working UK-wide across the water, transport, built environment and energy sectors. Founded by our Chairman, Dennis Curran in 1980, the group was

come and work with us

originally set up as a specialist tunnelling contractor. Whilst we retain our tunnelling roots, repeated success in several sectors of the construction industry has enabled us to expand our skillset and become one of the largest privately owned infrastructure specialists in the UK.

What we do

We provide design, construction, and maintenance services to the following sectors.

- Water
- Transport
- Energy
- Built Environment

We also possess a range of specialist skills to support our civil engineering and infrastructure activities including

- Tunnelling
- MEICA capabilities
- In-house design
- A steel-fabrication and supply subsidiary (BCS Group)

Who we are?

Barhale operates as a tier 1 partner for blue chip, regulated and private clients. We work as part of large frameworks, joint ventures, and alliances, as well as on individual projects developing long-standing relationships based on Trust, Integrity, and Pride.

Our People

We employ a direct workforce of over 800 employees nationwide. We recognise that our business is only as good as the people we employ, which is why we value them so highly and invest in regular training and development, utilising our dedicated training facility in Walsall.
